## SHORTLIST

"KUCCHAR-IA" Barely out of high-school and the toast of the New York underground movie scene, the Kuchar twins—George and Mike—invented a particular kind of art brut, low-budget mock Hollywood indie. This weekend belongs to them. I particularly recommend the Saturday night double bill of Mike's sci-fi extravaganza *Sins of the Fleshapoids* (1965) and George's scarcely less steamy, if somewhat shorter, confessional melodrama *Hold Me While I'm Naked* (1966). Saturday and Sunday, The Kitchen, 512 West 19th Street, 255-5793. (Hoberman)
