Performances: Oct 15 & 16 [Fri & Sat] 8 PM \$12

Italian visual artist Anita Sieff investigates love as an impetus to act. Interviews with twelve artists are projected onto astrological charts. As the images move to different rhythms, the personal journey of each artist becomes part of the evolution of human consciousness. *Social Sculpture no. 1* "comes to life" in two performances during which the documented artists perform their work, furthering the idea of a "social sculpture."
