484 Broome St New York City

November 24-25, 1982

HIS MASTER'S VOICE

THE ART OF THE RECORD PLAYERS

"The invention of the phonograph, which is technically both a storage and retrieval machine, added enormous impetus to the study of sound." (Herbert Russcol)

"Music is all goo that you have to shape" (Captain Beefheart)

"Flash one time; flash two times; flash three times; flash four times" (The Furious Five)
