IN THE KITCHEN WITH ANDY

The Kitchen is the name of a place in SoHo celebrated for its innovative programming of the best in new performance and video art. That's where you'll find Andrew deGroat and Dancers this April 1-5. The company will premiere deGroat's *dutch circumstances (DUST)* and *(GRAVY) a medicine of spaces*.

The following week, Andy and company members Harry Sheppard and Jon Harriott will perform *rope dance translations* at the Men Dancing festival at the Theatre of the Riverside Church.

That's what's cookin'.
