KITCHEN CENTER, NEW YORK

New Video, New Europe
Curated by Hamza Walker

New Video, New Europe is a survey exhibition of recent video work by more than three dozen artists from sixteen Eastern European countries stretching from the Baltic through the Balkans, including Albania, Bosnia, Bulgaria, Croatia, the Czech Republic, Estonia, Hungary, Kosovo, Latvia, Lithuania, Moldova, Poland, Romania, Serbia, Slovakia, and Slovenia. The works in the exhibition reflect a variety of genres and approaches – documentary, diastic, ethnographic, and experimental – and are broken up into a series of five programs which tackle different themes.
